Part III. Summary of Efforts

Indicate the efforts made to direct the employment and other economic opportunities generated by HUD financial assistance for housing and community development programs, to the greatest extent feasible, toward low- and very low-income persons, particularly those who are recipients of government assistance for housing. (Select **yes** to all that apply)

Yes Recruited low-income residents through: local advertising media, signs prominently displayed at the project site, contacts with community organizations and public or private agencies operating within the metropolitan area (or nonmetropolitan county) in which the Section 3 covered program or project is located, or similar methods.

Yes Participated in a HUD program or other program which promotes the training or employment of Section 3 residents.

Yes Participated in a HUD program or other program which promotes the award of contracts to business concerns which meet the definition of Section 3 business concerns.

No Coordinated with Youthbuild Programs and administered in the metropolitan area in which the Section 3 covered project is located.

Yes Other; describe below.

Activities frequently included notifying ADECA's Office of Minority Business of upcoming construction contracts and mailing letters to solicit possible Section 3 business concerns. Please note that many of the State's CDBG projects are in rural and small urban areas and that opportunities for contracting with Section 3 business concerns are limited. As per HUD's

guidance of 7/13/10, Professional Services Contracts are now listed in II.2.A. Contracts are reported in CDBG dollars. NOTE: This Form does not allow reporting of negative numbers. One (1) subrecipient de-obligated \$18,680 in Section 3 construction dollars (actual=-\$18,680 for Item II.1.B.), not \$0.00 as shown. Three (3) other subrecipients reported de-obligations (2 sub-recipients) and correction (1 sub-recipient) totaling \$9,700 in Section 3 non-construction dollars (actual=-\$9,700.00 for Item II.2.B.), not \$0.00 as shown. PY2012 reports fewer hires than PY2011; this may be in part due to smaller sub-recipient grant awards because the Alabama Statewide CDBG allocation has decreased. Another reason for this decrease may be that with the sluggish economy construction contractors often bring their current employees to the jobsite rather than hiring new employees.
